1. *Comprehensiveness*.—New words, that the progress of science, art, and philosophy has rendered necessary as additions to the vocabulary, and thousands of compound words have been introduced.

2. *Brevity*.—To ensure this, care has been taken to avoid redundancy of explanation, while every possible meaning of each word has been given.

3. *Pronunciation*.—Those who may use it will not be puzzled and confused with any arbitrary system of phonetic signs, similar to those usually found in Pronouncing Dictionaries. Every word of two syllables and more is properly divided and accented; and all *silent* letters are put in italics.

4. *Etymology*.—The words are arranged in groups, each group being placed under the principal word to which its members are closely allied. Words similarly spelt, but having distinct etymologies, are separated according to their derivation.

5. *Illustrations*.—40 pages of Illustrations of various objects given, to assist students in arriving at a clear perception of that which is indicated by the name.
